

**CONSULTATIVE GROUP FOR THE FINANCING OF THE NATIONAL
DEVELOPMENT PLAN (PND 2026-2030):
LIST OF INVESTMENT OPPORTUNITIES**

Sectors/ Domains
Agriculture
Agricultural equipment (mechanization, tractors, irrigation equipment)
Services and Advisory (Research, training, agricultural advice, marketing)
Agricultural inputs industry (seed, fertilizer)
Installation units for small-scale mechanization equipment (tillage, harvesting and post-harvest operations)
Animal and fisheries resources
Poultry sector
Dairy cattle sector
Beef cattle sector
Sheep sector
Pig sector
Aquaculture sector (rabbit)
Fisheries
Aquaculture
Veterinary Public Health
Production of inputs and equipment
Mines, Hydrocarbons and Energy
Hydrocarbons and derivatives
Renewable power
Exploitation of mineral resources
Exploitation of by-products (petrochemicals, LPG, plastics)
Industry
Pharma business
Textile industry
Automotive - Spare Parts
Agribusiness - Cocoa sector (2nd and 3rd processing)
Agro-industry - cashew sector (2nd and 3rd processing)
Agro-industry - shea sector

Sectors/ Domains
Agribusiness - kola value chain
Agribusiness - Packaging
Agribusiness - Horticulture
Agribusiness - pineapple value chain
Agribusiness - mango value chain
Agribusiness - Rice value chain
Agribusiness - tuber sector (Cassava, Yam)
Agribusiness - maize and soybean value chain
Agro-industry - banana-dessert sector
Agribusiness - rubber sector (2nd and 3rd transformation)
Agribusiness - Coco sector
Trade
Retail (retail)
Wholesale trade (between firms)
Culture and Francophonie
Cultural and creative industries (film, publishing, video games)
Design, visual arts (painting, sculpture, photography) and interior architecture.
Tourism
Accommodation and food services
Activities, Attractions and Recreation
Sport
Sports Economics
Digital Economy and Postal Services
Artificial Intelligence (AI)
Digital Economy, Telecommunications and Postal Services
Digitization of Public Services - e-Government
Software development, digital platforms, and cloud services
Cybersecurity and Information Systems Protection
Digital Economy - Connectivity, Networks and Communications Infrastructure
E-COMMERCE
Digital Economy, Telecommunications and Postal Services
Environment and Sustainable Development
Biodiversity, Protected Areas and Sustainable Ecotourism
Carbon finance, climate finance, and greenhouse gas emission reduction
Ecological transition, climate and circular economy
Urban Planning and Housing
Building and building materials
Construction of commercial and office buildings
Sanitation and sanitation
Fecal Sludge Sanitation and Treatment
SWM
Communication
New Media
Audiovisual
Advertising communication

Sectors/ Domains
Press
Circular economy
Eco-design
Industrial and Territorial Ecology/Industrial Ecology
Functionality economics
Extended recycling life
Marketing of circular products: recycled, repaired, refurbished, biosourced, sustainable, traceable, certified and compliant with ESG/export requirements.
Sustainable agricultural and agro-industrial value chains: cocoa, cashew, food, rice, fruits, bio-inputs, agricultural refrigeration, efficient irrigation, storage, quality, export traceability and local processing.
